

DER Alteration Notification

This form is only applicable for installed DER systems that have prior approval from the Area EPS Operator to operate in extended parallel. **Changes to capacity size, type, technology or location should be applied as a new application using either the Simplified or Fast Track application forms.** This form is to inform the Area EPS Operator of changes in inverter, control system and protective device settings or the exchange of “like-for-like” DER equipment. The Area EPS Operator may determine the proposed change requires additional review to ensure the operation of the Area EPS is not detrimentally affected. The Area EPS Operator will notify the listed contact if additional details or steps are required. Contact the DER Coordinator for further information.
